

Kiwaniis Club of Edmonton
Serving the Children of the World

I'd rather be **fishing**
most any time –
morning or evening,
rain or shine.

Just show me the **tackle**
and give me some bait.
Then watch me go **fishing** –
the rest can all wait.

I'll **catch 'em**
and **clean 'em**
and **cook 'em up fast,**
And once we start eating
they surely won't last!

I'd rather be **fishing**
most any time –
morning or evening,
rain or shine.

Meeting March 12, 2012

Phil Bentley The fishes friend

Phil Bentley gave a fascinating presentation on the Scotty Salmonid Incubator and the serious decline of wild fish stocks in Canada. Natural spawning has declined dramatically over the past 50 years for many reasons. Many of our spawning areas no longer exist. Many of the spawning areas that still exist are only partially effective and many of our original Salmon stocks are now extinct. Through the efforts of volunteers, employing the Salmon condominium, there is hope that the extinction of more salmonid species, which includes trout, can be prevented.

Here is the link to the website: <http://www.scotty.com/fishing-gear-equipment/salmonid-incubator.htm>

Following are the reminders:

American style double zero roulette wheel.

PLEASE keep in mind that our club casino is being held this Thursday and Friday, March 29 + 30 at the Yellowhead Casino. If you signed up please make sure you honour your commitment.

Next regular meeting -- April 9th will be changed to April 10th. Our speaker is Paige Hacking, who will give a presentation on Golden Future – South Africa.

Special thanks to Rob Leddy for his efforts to-date in updating and maintaining the Club website. Through a twisted path of information and misinformation on the information highway, he maneuvered so that we have control of our own website once again. Please visit and watch the progress as the latest word on our club is disseminated. <http://www.edmontonkiwanis.com/>

FUTURE OPPORTUNITIES
